Team Valor International's last three starts have had a repetitive theme, that is – all three races were run in Germany, all three races resulted in wins, all three winners were trained by Andreas Wöhler, and all three winners were ridden by Eddie Pedroza.

This brings the season tally to 54 starts (14 wins – 12 seconds – 6 thirds) and a **winning strike rate of 26 percent**.

The stable has finished first or second 48 percent of the time, and is nearly 60 percent in the money.

Team Valor's last 10 starts have resulted in five victories, two of which came in Listed stakes races in Ireland and Germany.

The two new stakes wins bring the stable's lifetime tally to 332 black-type victories.
