TVI BRED DERBY HERO ANIMAL KINGDOM, BREEDERS' CUP HERO PLUCK  
INTERESTS AVAILABLE IN COLTS & FILLIES BOTH AT HOME AND ABROAD**

Team Valor International, which has completed drafting new racing prospects at yearlings sales both domestically and abroad, will go into the 2012 racing season with 18 young prospects that will race at age 2 in the United States, Canada, Germany and France.

Barry Irwin, chief executive officer of the international stable, said "This is a record number of juveniles for us to begin the season with and represents a reshaping of our stable to rely on our strengths. As you know, we won the Kentucky Derby and the Breeders' Cup Juvenile Turf with members of the same home-bred crop of foals.

"Over the past few years, we have both bred and bought at public auctions several Grade 1 winners, Classic winners and Champions in the Northern and South Hemispheres. We have done really well with young horses and our racing partners enjoy owning them from the beginning of their careers."

Interests in a few of the 18 youngsters are available and prospective racing partners are invited to peruse the list and check out photographs of the youngsters on the Roster section of our website. Those wishing to find out more about Team Valor's available stock or a specific individual yearling are invited to contact Mary Hope Kramer ([maryhopekramer@aol.com](mailto:maryhopekramer@aol.com)) or phone (859) 873-1003) or contact Amy Collingsworth ([teamvalor2@aol.com](mailto:teamvalor2@aol.com)).

All of the North American 2-year-olds will be trained by Graham Motion at Fair Hill training center in northern Maryland.

The European 2-year-olds will be conditioned in France by Andre Fabre and John Hammond, and the German yearlings will all be handled by Peter Schiergen.
