

**BRAZILIAN SPEEDSTER ADDAE DO JAGUARETE OFFERED BY TEAM VALOR
MULTIPLE STAKES-WINNING 3YO FILLY HAS WON 7 OF 10 RACES, GRADE 3
VIABLE ON DIRT/TURF, BEAT MALES BY 4¼ LENGTHS LAST WEEK IN STAKES**

Addae Do Jaguarete has shown herself to be in a different class on wet dirt in Brazil, where two of her four black-type victories have come sprinting 6 furlongs on the sandy Cidade Jardim oval.

Addae Do Jaguarete, which wrapped up her sprinting career in Brazil two weeks ago by trouncing males by 4¼ lengths in a 6-furlong Listed stakes on a sloppy dirt track, was fully syndicated by Team Valor International in an hour and 15 minutes.

Office manager Amy Collingsworth said “It was amazing, because we sent out an e-mail giving our racing partners a heads up that an offer would be coming later in the day.

“We didn’t mention the name or price of the filly, yet enough partners responded so that she was completely sold out in rather short order. Unprecedented!”

The 3-year-old filly, a stakes winner on dirt and turf, improved her career record to 7 wins in 10 races and caught the eye of Caribbean bloodstock agent Ashley Sooknanan, who presented the filly to Team Valor International, which quickly jumped on the filly to buy her. She leaves for America in two weeks.

Addae Do Jaguarete, which is pronounced Uh DYE duh Yag Waar uh TAY, means Addae (an African person’s first name that translates as “morning sun”) of Jaguarete (which is the name of the racing stable and obviously references a Jaguar).

Barry Irwin said “This filly is perfectly suited to being a full time resident of New York, because she has the ability to handle sandy tracks and any type of turf. She relishes a wet sandy track and figures to get a lot of that over the winter at Aqueduct.”
